

San Maurizio d'Opaglio, 28/05/2019

SUPPLIER CONFORMITY DECLARATION

(according to ISO/IEC 17050-1)

Giacomini S.p.A. company, manufacturer of components for heating, cooling and sanitary distribution systems, located in Italy, San Maurizio d'Opaglio (NO), via per Alzo no. 39, whose design and production processes comply with the requirements of UNI EN ISO 9001:2015 standard,

STATES that

the compression fittings for copper pipe

R180F, R180M, R562, R563, R568, R569, and R572

have been properly designed and manufactured, according to the European standards:

- EN 1254-2 (Copper and copper alloy plumbing fittings - Part 2: fittings with compression ends for use with copper tubes)
- EN 1254-4 (Copper and copper alloys - plumbing fittings - Part 4: fittings combining other end connections with capillary or compressions ends)

Giacomini's compression fittings with black o-ring are suitable to the use
with hot and cold water, for plumbing systems at PN10.

The fittings having yellow o-ring can be used in gas systems for domestic
and similar uses regulated by the standards UNI-CIG 7129 and UNI-CIG 7131.
